Best Practice during an Initial Visit:

- What is your current gender identity?
- What sex were you assigned at birth?

Open-ended Questions that can be used in a clinical setting:

- What Do I need to know?
- Tell me about your previous health care experiences
- How do you describe your gender?
- What pronouns do you prefer? (Also, I use these pronouns, how about you?)
- What do I need to know about who is going to parent this baby?
- What terms do you prefer I use for you or the other people who will be in this baby's life? And/or for the baby?
- Anything else?
